800 MEN SINK WITH WARSHIP

Worse Sea Disaster of War Occurs
Today When British Battleship
Goes Down Near Sheerness.

DEMOLISHED BELOW WATER

Admiralty Says it was due to Inter-
nal Explosion But German Sub-
marines Reported Near.

HAPPENS IN BAY ALONG COAST

Only 12 of Crew of Between 700 and
800 Men Are Saved—Ship Goes
Down in Three Minutes.

(By United Press.)

London, Nov. 26.—Between 700 and 800 men were lost today when the British battleship Bulwark was blown up in the Medway river, off Sheerness, only thirty-five miles from London. In announcing the disaster in the house of commons Winston Churchill, first lord of the admiralty, said only 12 of the crew of 700 or 800 men had been saved.

Churchill announced that the Bulwark was blown up at 7:53 this morning. Vice-admirals and rear admirals were present, he said, and reported they were convinced the disaster was due to an internal explosion.

"They reported," said Churchill, "that the explosion rent the ship asunder. There was apparently no upheaval of water. When the smoke cleared away the Bulwark had entirely disappeared."

It was reported this afternoon that two German submarines had been located and hemmed in in the basin near where the battleship Bulwark was sunk.

The Bulwark, a fifteen-year-old battleship, was lying in the Medway river. Her normal complement is 750 men, but being equipped for war service, it is believed her crew may have numbered as many as 800 men.

Practically all of the men were on board when the explosion occurred. Reports of the Bulwark having been destroyed were in circulation in London throughout the morning but the news was withheld pending official announcement by the admiralty.

The Bulwark was separated from the waters of the Thames only by a narrow strip of land which extends out into the channel where the Medway and the Thames join forming the Sheerness harbor and Medway basin. So terrific was the explosion that buildings in Sheerness were shaken on their foundations.

The concussion was felt on both sides of the Thames. There were several other ships near the Bulwark but the suddenness of the explosion and the rapidity with which it sank precluded all opportunity of saving lives.

One survivor taken from the water was terribly mutilated.

Burned, torn corpses was all that was left after the explosion to show where the once mighty warship had stood. She was ripped in two, her heavy steel armor blown off and her vitals torn out. It is obvious that she was completely demolished below the water line because she was at the bottom within three minutes after the explosion.

If the report that two submarines had been found near the wreck proved true the Germans will have surpassed all of their previous feats of daring on the sea. The nearest submarine had been to London heretofore was off Dover, sixty miles away.

HEARING SET FOR FRIDAY

Petition of City For Rate Increase
Comes up Then.

Mayor Bebout and other city officials will go to Indianapolis Friday to attend a meeting of the public service commission at which time the petition of the city for the right to raise the water rates will be heard. The commission has also set this date as the time to hear objections to the proposed raise in rates. As far as can be learned there is no opposition to the proposed increase and the city officials believe the commission will grant the petition.

ODD FELLOWS WILL HOLD COUNTY MEET

Large Class Representing Every
Lodge in County Will be Initiated
Here December 2.

BANQUET IS TO BE SERVED

The annual county meeting of Odd Fellows will be held in Rushville next Wednesday, December 2. It is expected to be the big event in Odd-fellowship in Rush county as arrangements have been going forward for some time for the event. Every lodge in the county has been visited by a booster committee from Franklin lodge of this city.

The initiatory degree will be conferred in the lodge room Wednesday afternoon at three o'clock by the degree staff of the Milroy lodge. A banquet will be served in the new dining room of Franklin lodge from 6 to 8 p. m.

At eight o'clock the first degree will be conferred on a class representing every Odd Fellows lodge in the county. The degree work will be given by the team of Franklin lodge. There will be short addresses by members of the different lodges and by Grand Master J. T. Arbuckle. The Odd Fellows orchestra will play. All members of the order are invited and urged to be present. Preparations are being made to entertain three hundred at the banquet.

DAY IS TYPICAL OF THANKSGIVING

By Noon Most of Business Houses
Are Closed and Rushville Gathers
About Festive Boards

MANY HOLIDAY VISITORS

Today was typical of Thanksgiving day in Rushville. By noon practically every business house in the city had been closed. Many of them never opened their doors this morning, including the banks, barber shops, blacksmith shops and a majority of the retail stores. The offices in the court house were closed all day so that there was no business transacted there. The usual news channels were inactive. No court was held.

The city was thronged with holiday visitors. They came from far and wide for the annual gathering about the festive boards. The annual family dinners were held in many homes and the spirit of good cheer was abroad. The customary football game scheduled for this afternoon at the South Main Street grounds was expected to attract a large crowd.

GOOD FELLOWS! LEND YOUR EARS

League This Year is Going to In-
crease its Batting Average as
Sure as You're Alive

GIVEN TRY-OUT LAST YEAR

But 1914 Will Set New Records if
Good Fellows Will Rally Around
The Standard

It has already been announced that the Daily Republican has been authorized to act as agent for the Good Fellows League. Today what is said is supplementary; a "clincher" so to speak.

For many years past the Daily Republican has conducted a Santa Claus fund. Last year there was a little deviation from the method used previously and the Good Fellows League was given a try-out. Everybody admitted that it was the finest league ever. No one would question the declaration that it battled ahead of the combined American and National Leagues last year.

This year, it wants to increase its batting average. It all depends on whether or not you are willing to help.

The league was instituted five years ago. It was based upon an organization at Chicago, formed through the good offices of the Chicago Tribune. It was a success here from the start.

It was generally agreed that the Good Fellows League offered the best method of reaching the needy little folks of Rushville. It left each person with a responsibility. They felt the worth of giving. Under the old method each person just "plunked" down so much money and there was the end of it. There was always doubt up to the very last moment how much money there would be in the fund. The result was that the buying could not be proportioned correctly until the last minute. The buying had to be done late when the gifts were picked over. It caused a lot of worry to merchants, to say nothing of the persons who had the responsibility of the buying, wrapping, routing and delivery.

But with the Good Fellows League there is much work to be done. No one is deceived upon that point. No one who is in any way conversant with conditions doubts that there are more kiddies without shoes, or warm underwear, of food, than Rushville has known for many a long day. There is need for more Good Fellows than there has ever been, and need for a broader spirit of helpfulness.

Scores of people in Rushville know all about the League and for them the mere announcement that the time has come to begin operations will be sufficient. For those who do not know it may be said that the Good Fellows' League has the largest active membership of any organization in Rushville, and that it is constantly growing. Yet it has no officers, no headquarters no rules or order and no by-laws.

Here is the way to join:

Just decide that this year, out of your abundance, or if need be out of your meager store, you will make some child happy at Christmas time. As soon as you have decided on this point you are a member of the Good Fellows. Then send your name to this office, together with the number of children that you agree to take care of. The name and address, with the age and sex, will be promptly mailed to you. After that it is up to you.

There is no red tape about it, no

CITES REASONS FOR GRATITUDE

Rev. S. G. Huntington Preaches An-
nual Thanksgiving Day Sermon
at First Presbyterian Church

USES WAR AS AN EXAMPLE

Assigns it as Special Cause for
Thankfulness Because of Peace
in the United States

In this day of a "world war", the Rev. S. G. Huntington, pastor of the First Baptist church, at the annual union Thanksgiving services of the Protestant churches of Rushville at the First Presbyterian church this morning recited the reasons why the people of the United States should be thankful. He took his text from Galatians, third chapter and fifteenth verse: "Let the peace of God rule in your heart" * * * "Be ye thankful."

"I presume the citizens of Rushville are a thankful citizenship, even though but a small number are assembled here," he said. "I take it that the same holds true throughout the land even though, I conjecture, only a few compared to the masses are assembled in places of worship this morning."

"Owing to the war cloud that is hovering over the world, with its atrocities confronting us as they do—misery, bloodshed, carnage, orphans, widows, starvation, the tidings this morning from Portugal and Egypt that they are drawing their swords to enter the arena, and the long drawn-out revolution in Mexico,—we ask, is it propitious for us to celebrate this day of Thanksgiving? I believe there are many reasons why we should gather and devote the day to Thanksgiving to Almighty God. Therefore, my purpose shall be to assign a few reasons why we should be thankful in this hour of the world's distress and calamity."

"The first reason for which we should be grateful is the peace within our borders. Our country is at peace with all others on the face of the earth. We have no internal troubles. While the larger part of the world is engaged in war, we are enjoying peace. For this we ought to be and are thankful."

"The second reason for thankfulness is the prosperity which we enjoy. Some complaints have been heard the last year that we have not been so prosperous as in former years, but when we compare our conditions with those of other nations, we have ample reasons for rejoicing and thanking God for our prosperity."

"The third reason for thankfulness this morning is the perpetuity of the two great principles which have made us what we are—religious and civil liberty. We are not under the reign of any kingscraft or priestcraft."

"The fourth reason why we should be thankful is the position which our nation holds among the other nations of the earth. Ours is the great and shining star in the galaxy and by virtue of our equilibrium, prestige and influence, when the time comes for peace to be consummated among many nations which are at war, this nation becomes the logical one to be the peace maker."

"It is not an accident that we are enjoying peace. The hand of providence is overruling to His glory and out of the terrible conflict and turmoil, the time will come—and I am not so pessimistic as to say that it will be very long—when peace shall be declared and the church will take a more conspicuous place among the

CONFIDENT AT BERLIN

Berlin Says Story 40,000 Men Were
Captured at Lodz is False.

(By United Press.)

Berlin, Nov. 26.—Denial of the Russian claims of victory in the assertion that heavy losses have been inflicted upon the enemy at Lodz and 40,000 prisoners captured is contained in the official statement from the war office today. An Austrian statement from Vienna says 29,000 prisoners, 49 machine guns and large quantities of war material have been captured.

TOTAL IS RUN UP TO 120 BARRELS TODAY

On Thanksgiving Day Some Are
Thoughtful Enough to Help Bel-
gian Relief Fund Along

FIVE BARRELS ARE ADDED

On this day of thanksgiving, when Rushville people were enjoying family dinners, some were thoughtful enough to remember the destitute Belgians, for whom flour is being raised in Rushville and vicinity. Five more barrels of flour were contributed by virtue of the fact that four barrels were given and enough cash contributions under five dollars were sent in to make up another barrel.

Barrels were given by the Ladies Aid society of the Ben Davis Creek Christian church, Mrs. O. L. Archer, the Womans' Relief Corps of Rushville and the C. W. B. M. auxiliary of the Little Flatrock Christian church. One dollar was contributed by a friend who did not want her name mentioned and two dollars by Miss Miller's class of the New Salem schools. There was a cash balance of \$2.90. With the three dollars added, there is enough to buy another barrel of flour and a balance of ninety cents.

The fund will be closed next Monday and those who contemplate helping the fund along should do so at once.

DAUBENSPECK TO OBEY QUARANTINE

Notifies Dr. Mull That He Will See
That it is Enforced on His
Farm Near Glenwood.

BEAVER, NOT YET LOCATED

No other farms have been placed under quarantine by Dr. A. A. Mull, deputy state veterinarian, because a hog cholera serum was believed to have been defective. Several other farms no doubt would be placed under quarantine if Dr. Mull could locate U. G. Beaver. Beaver sold some of this serum but the names of the farmers to whom he sold it have not been obtained because Beaver has kept clear of Dr. Mull.

P. S. Daubenspeck, of near Glenwood, who at first refused to obey the quarantine, has notified Dr. Mull that he will see that it is enforced on his farm. Daubenspeck at first absolutely refused to regard the quarantine. The local officials held a conference with Dr. Nelson, state veterinarian, and were told to see that the quarantine was obeyed as they would be backed up by the state.

CASE GETS INTO FEDERAL COURT

Charles Clogston, Editor of Terre
Haute Post, Was to Appear at
3 O'clock This Afternoon.

FOUND GUILTY OF CONTEMPT

Attorneys Allege he Was Deprived
of His Liberty at Terre Haute
Without Due Process of Law.

(By United Press.)

Indianapolis, Nov. 26.—Charles Clogston, editor of the Terre Haute Post, who was jailed and fined for contempt of court after legal processes that consumed only three hours time, was to be brought to Indianapolis this afternoon on a federal court order. The United States district court, which is investigating the alleged election frauds that Clogston had been criticizing, issued a writ of habeas corpus on the representation of Clogston's attorneys that as a citizen of the United States he had been deprived of his liberty without due process of law. Sheriff Denny Shea of Vigo county was ordered to appear with Clogston at 3 o'clock this afternoon.

Clogston's alleged offense was that he published a story with the following headlines: "Gang picks grand jury for probe."

"Starts election investigation of its own with Werneke's uncle as prosecutor and Roberts men on the grand jury."

"Only one of the regular panel served."

Donn Roberts, who is an announced candidate for governor subject to the Democratic primaries, is leader of the Fifth district which includes Vigo county. In the recent county election Eli Redman was, on the face of the returns, elected circuit judge with a plurality of 11 votes. His court is now probing his own election.

Following charges of fraud in Vigo county in election of U. S. senator, U. S. District Attorney Dailey started a probe. Eighteen Terre Haute men were arrested charged with conspiring to defraud the government. Bonds have been refused 14 and they still are in jail here.

Rapid work preceded the jailing of Clogston. At 2:45 p. m. he was ordered to appear in court to show why he was not in contempt. At 3:10 he arrived in court. At 3:30 the court gave Clogston until 4:30 to file a verified answer. Clogston filed a preliminary motion at 4:30, which was overruled at 6 p. m. following argument. The court demanded an immediate answer, and when told this could not be prepared before 9 a. m. the next day, found the editor guilty at once.

An American - Made Christmas

Christmas novelties and especially Christmas toys have hitherto come from abroad in large numbers.

This year imports are curtailed and the deficiencies have been largely made up by American manufacturers.

An American made Christmas is not likely to prove any the less interesting to the kiddies.

The announcement of the stores show no dearth of stocks. They are full of interest and especially so to the children.

There is a ring of patriotism about the advertising that makes it unusually interesting.

Corns Quit, Pains Stop, With "GETS-IT"

Quit Plasters, Salves and What-Nots.

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corns?" "GETS-IT" is the first sure, certain corn-ender ever known.

Why "Suffer-Yet" With Corns? Use "GETS-IT." They'll Vanish!

If you have tried other things by the score and will now try "GETS-IT," you will realize this glorious fact. You probably are tired sticking on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a bundle of your toe and press right down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true try it tonight on any corn, callus, wart or bunion. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Gowdy

Miss Mary Ward of Orange township has returned from a visit to her old home in Venango county Pennsylvania. Miss Ward left her old home fifty years ago Oct. 24 and had not been there since. Although there had been many changes in that time yet there were many things she remembered about the country and there were yet a few persons living there whom she knew. On Sunday Oct. 25 she attended church services in the little Presbyterian church near her home and sat in the family pew as in the days of old. She also visited friends in Franklin and City. She was accompanied by her sister-in-law, Mrs. Mary H. Ward and her niece, Miss Luedith Ward. On their return trip, they visited Mrs. Ward's grandson, Rev. Ira McVey in Kendallville and her son Joseph McVey of Kokomo.

Miss Mary is seventy-four years of age and Mrs. Ward is seventy-seven. They both enjoyed the trip, were away four weeks and returned well and happy.

The Epworth League of the Gowdy M. E. church meets each Tuesday evening at seven o'clock. The Leagues voted to give five dollars to the Belgian fund at Milroy.

The first Quarterly meeting of the St. Paul circuit will be held at Gowdy Sunday and Monday Nov. 29-30. Rev. J. T. Seull will conduct the services assisted by the pastor Rev. S. L. Welker, on Sunday morning. Dr. Tevis will preach on Monday morning and hold the Quarterly Conference. All are cordially invited to attend.

WILL HAVE TO PAY THE REGULAR RATE

Motion Picture Shows Are Classed as Theaters Under the "War Tax" Regulations.

WORD IS RECEIVED TODAY

The motion picture shows of Rushville are theaters. Peter J. Kruyer, internal revenue collector for the sixth Indiana district composed of fifty-nine counties has decided this. It means that the picture show owners of Rushville will have to pay the regular rate under the "war tax" measure, according to their seating capacity.

Charles Raso, owner of the Gem theater, this morning received a letter from the revenue collector stating that the motion picture show which had no vaudeville acts did not get cut rates. Recently the statement was made in Indianapolis newspapers that a motion picture show did not rise to the dignity of a theater unless it had vaudeville and, therefore, that the "war tax" for them would be only ten dollars. But this, it appears, was a "false alarm."

It will cost any theater, no matter what the attraction, seating up to 250 persons \$25 a year. Those seating between 250 and 500 have to pay \$50 a year. It means the tax on the Mystic, Gem and Portola will be \$25 and on the Princess \$50. The law was effective November first and the first installment for eight months, or to the end of the fiscal year June 30 must be paid by the first of December.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Tariff Gets Blame

According to live stock authorities the Democratic tariff bill is to blame for the prevalence of the foot and mouth disease that has caused a loss of untold thousands of dollars during the past month to the farmers and stock raisers placed hides and corn on the free list and almost immediately importations of corn and hides from Argentina where this disease is a common scourge began. As early as last March the Daily Live Stock World of Chicago, a trade authority, predicted under the head of "A Menace of Disease" an epidemic of the foot and mouth disease in the following words:

"Fear exists in live stock circles that foot and mouth disease, which is rampant in Argentina, will be introduced by importation of grain and hides from that country. Announcement that a carload of Argentine corn was due at Chicago caused consternation. This disease is of insidious nature and its prevalence in Great Britain is due to imports of foreign food stuffs. Less than ten years ago the United States government spent \$5,000,000 in suppressing an outbreak that was directly traced to a consignment of South American hides. Argentine corn and oats are being used in large quantities in the southern states and the trade would be surprised to hear of an outbreak of disease at any moment.

Ever since hides went on the free list this menace has existed. Carelessness has characterized that traffic. Exporters of hides in foreign countries naturally care little about the welfare of the live stock interests in the United States and, unfortunately, tanners in this country are not a whit more concerned.

In its issue of last Thursday the World gives utterance to another significant warning which ought to make certain apostles of the "new freedom" sit up and take notice. It says:

Now that foot and mouth disease

is playing havoc with the live stock industry of the United States it may be well to take cognizance of another disease menace.

Corn is threatened. On March 11 last the Live Stock World served notice editorially that an outbreak of foot and mouth disease due to imports of Argentina hides was practically certain.

That forecast has been abundantly made good.

Now, how about corn?

That foot and mouth disease came into the United States with Argentine hides will not be disputed.

And it may be stated on good authority that corn weevil is already here from the same source.

A sample of Argentine corn hermetically sealed several months ago for test purposes has been consumed meanwhile by this pest.

Free corn was a big thing for a big manufacturing interest but it may prove a calamity to one of the most important crops of the United States.

Once let corn weevil get a foothold and its eradication will be practically impossible.

What harm has already been done is conjectural, but notice is hereby served on the Washington authorities that further admission of Argentine corn without adequate disinfection will produce disastrous results.

Lack of sanitary precaution in the case of foreign hides cost live stock growers of the United States an incalculable sum.

The Live Stock World is a non partisan journal published in the interests of the live stock industry. In the light of the facts it sets forth, it is time to drop tariff theories and for Congress to get busy repairing the mistakes that have been made in opening the gates too wide to foreign farm products.

250 AT BANQUET

Members of the Eagles lodge, together with their friends enjoyed a banquet last night at the Eagles home in West First street. Two hundred and fifty covers were laid at the banquet table and the feed, which was prepared by James H. Barrett consisted of turkey and all the "trimmings." Several visitors from a distance were present and some short talks were given.

Health--How to Preserve It Disease--How to Prevent It

Prepared for the United Press by Dr. J. N. Hurty
State Health Commissioner

(Dr. Hurty will answer questions on prevention of disease, hygiene and sanitation. Questions requiring a personal answer cannot be considered. To avoid delay, address all questions direct to the UNITED PRESS ASSOCIATIONS, 361 West Washington St., Indianapolis. Questions may be sent to THE DAILY REPUBLICAN if preferred.)

There is an old saying—"There are more ways of killing a dog than choking him on butter." And I say—there are more and better ways of reducing taxes, than by refusing to make expenditures for betterments. The average public purse-holder has but one idea of government, and that is, cutting his expenditures below his predecessors'. This average person does not know "There is a scattering which bringeth an increase and a withholding which causeth poverty."

My method of reducing taxes would be by reducing sickness and disease. Sickness and disease can be greatly lessened by the practical application of hygiene to every day life. Poverty eats up taxes, and poverty trails sickness and disease. Insanity trails disease, and crime eats up taxes. Delinquency trails sickness and disease and delinquency eats up taxes.

It is obvious we would be far better off if our physical and mental power were increased. To secure this increase, the first step is to secure better health. The chief physician of the Metropolitan Life Insurance Company says—"It is safe to say that over half of the American people are today in need of medical attention for physical defects and impairments of health which are leading to serious results." The more sickness and disease, the more delinquents and dependents. The

more dependents and delinquents, the more taxes we must pay.

Fifteen years ago two percent of the population was dependent. Today it is five percent. Let this percentage continue to double every fifteen years and where will it land before the U. S. celebrates its second and third centennial? It is unquestionably true that "The most important business before the business men today is the business of the public health." Let the business man neglect this business at his peril. The business man is in the saddle and runs things. He knows how and has the power to bring things about. He can bring about a reduction of taxes if he will. He can bring about the conditions of better health and this means greater strength, greater wealth, greater happiness. We may go on spending money for relief and cure until the crack of doom, and the delinquents and dependents will increase and increase. Apply a reasonable sum for prevention and they will decrease and decrease and thus taxes will decrease.

O. A. writes—"What are the symptoms of cancer of the stomach? Is there any cure?"

Reply—It would take many pages to tell you the symptoms of cancer of the stomach. It is difficult for experienced doctors, to make the diagnosis. From this you will see it is impossible for me to answer your question. Sometimes cancer of the stomach can be cured by a surgical operation.

DR J. N. HURTY.

RUSHVILLE IS AN EASY WINNER

High School Has Little Difficulty

With Spiceland Academy Team

Running Up Large Score

MAKES FOUR STRAIGHT GAMES

Sixty to Twelve Count About Shows

Relative Strength—Schedule

For Season Announced

Spiceland Academy proved easy
for the Rushville high school team
last night, the local team winning by
a score of 60 to 12. Rushville out-
played the academy team and suc-
ceeded in running up the largest
score of the year on the home floor.

The Rushville team started out
with a rush and continued up until
the very end. The team work of the
local team was too much for Spice-
land and the game soon turned into
a one-sided affair. Rushville ex-
pected Spiceland to put up a stiff
game and the team was rather sur-
prised by the easy manner in which
it won. Every man on the squad
was given a chance some time during
the game and Coach Burns used all

of his second string men. It made
little difference as Spiceland could
not break up the team play.

The Rushville team is showing
improvement in every game and the
contest last night shows that the
team will make all of the teams in
this section go some to win. The
game last night made four straight
wins for Rushville. The next game
is with Shelbyville, here one week
from Friday night. Rushville has
great hopes of winning from Shelby-
ville.

The basketball schedule of the
high school was officially given out
today by Coach Burns. The team
has a heavy schedule before it and
from the appearance of the games
thus far, a winning team seems
probable. Four of the games have
been played, and seventeen were
scheduled, which includes two open
dates, which will probably be filled
with either Richmond or Newcastle.

The authorized schedule for this
season is as follows:

Nov. 6.—Milroy here (played.)
Nov. 13.—Arlington here (played.)
Nov. 20.—Carthage here (played.)
Nov. 25.—Spiceland here (play-
ed.)
Dec. 4.—Shelbyville here.
Dec. 11.—At North Vernon.
Dec. 18.—Franklin here.
Dec. 24.—At Milroy.
Jan. 8.—Madison here.
Jan. 15.—At Connersville.
Jan. 22.—Open.
Jan. 29.—At Franklin.
Feb. 5.—North Vernon here.
Feb. 12.—At Madison.
Feb. 19.—Open.
Feb. 26.—At Shelbyville.
March 5.—Connersville here.

SOUR STOMACH, GAS
OR INDIGESTION

When you have heartburn, pains in the stomach, and taste undigested food, your last meal is not digesting but fermenting, causing poisonous gases, sourness and acid stomach.

Prompt and lasting relief is a simple inexpensive matter if you will only use the harmless Mi-o-na prescription sold by Johnson's Drug store.

Mi-o-na not only corrects sour, acid, and gassy stomach, but improves the entire digestive system so that the blood, nerves, muscles, and skin all receive increased, and skin all receive increased nourishment causing clear complexion, bright eyes, and that delightful sensation "feeling fit."

Get some Mi-o-na tablets today—if they do not banish every sign of indigestion, sick headache or biliousness they will not cost you a penny.

FAKE INSPECTORS
ARE ON THE JOB

Department of Agriculture Warns
Farmers to Beware of Men Representing Themselves as Such.

MOTIVES THEY MIGHT HAVE

Stock Owners Can Easily Protect
Themselves Against This Fraud,
The Department Says.

Washington, Nov. 26.—Reports are now beginning to come in to the Department of Agriculture from several of the States quarantined

for the foot-and-mouth disease that persons who have no connection whatsoever with the Department are attempting to pass themselves off as Federal inspectors. There are several possible motives that might account for the existence of these imposters. In the outbreak of 1908 there were instances of men who obtained money from credulous victims who believed that in this way they would escape the inconvenience of quarantine and disinfection. This is, of course, a very simple form of extortion. Another motive may be the sale of some quack remedy for the disease.

Stock owners can protect themselves very easily against this fraud, for there is no specific remedy for the foot-and-mouth disease. Since the germ has never been isolated, it has never been possible as yet to find any serum that would act either as a cure or preventive, and the public may be quite certain that any one who says that he is an employee of the Department of Agriculture, and at the same time attempts to sell, or even recommend anything of the sort, is simply an imposter. For this reason, stock owners are warned not to allow strangers to visit their stock or attempt any demonstrations of so-called cures by injections or otherwise.

There is, moreover, very great danger that such people might disseminate the disease. It is a well-known fact that the germs can be carried on clothing. In infected territory, therefore, it is quite possible that a man who has come in contact with stricken animals may bring the disease to a perfectly healthy herd. This also accounts for much of the spread of hog cholera.

The Department therefore recommends all farmers to keep their animals from contact with all save those who have definite business with them.

TRENCHES REAL
WORK OF ART

They Are Deep, Well Drained, Sanitary and Are Provided With Bomb-Proof Chambers.

ALSO HAVE TOILET ROOMS

Some Also Have Kitchens and System to Carry Off Smoke, and Even Hot and Cold Showers.

BY WILLIAM PHILIP SIMMS.
(U. P. Staff Correspondent.)
(Copyright 1914 by United Press.)

With the French Army at the front, via Paris, Nov. 23. (Delayed)—French trenches on the battle front are real works of art. I entered and inspected the details of newly occupied works today while the soldiers were still digging.

The trenches are deep, well drained and sanitary. At the beginning of the war French soldiers scorned to entrench more than a few inches. But the war quickly switched to trench fighting and France's fighting men changed their tactics accordingly. The trenches I saw were provided with spacious rest rooms and toilets and covered bomb-proof observation chambers. Some were provided with kitchens with a system of carrying off the smoke and even with baths and hot and cold showers.

The French are so well protected that officers in charge of the removal of the wounded told me that in the past week less than 400 cases had been sent to the rear, despite the violent German attacks. On the contrary, I understand the German losses during their offensive movements continue to be enormous.

The military attaches of the foreign countries on the present tour concluded their study of the battlefields leading up to the present lines today. They are now entering the second phase of the program, inspecting the actual operations. They naturally refuse to discuss the maneuvers, but are enthusiastic over all they have seen of the French army, its organization and fighting qualities. I personally covered the same ground and was surprised to see such a big change in the French soldiers. They are much better now than at the start of the war, proving the French the most adaptable soldier in the world.

After the Day's
Toil a Bottle of
Refreshing Beer

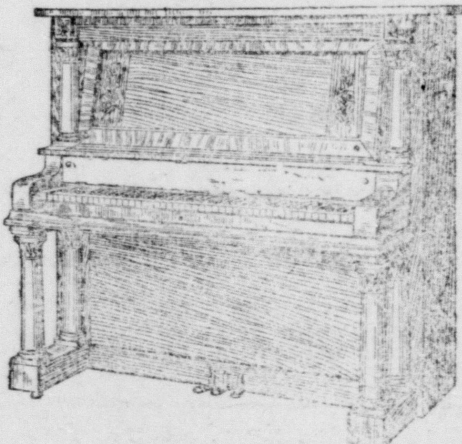

Beer is truly a boon to the working man. Few realize the nervous and bodily fatigue resulting from hours of constant work amid the pounding of hammers and the deafening whir of machinery.

Beer relaxes the nerves and relieves the fatigue after the day's work. It is a mild stimulant and liquid food combined. Small in cost, mild in effect and rich in nourishment, beer is the ideal beverage for the toiler.

Indiana Merchants Displaying Cards Urging Trade at Home Along With Early Trading.

TEN MILLION SPENT IN GIFTS

(By United Press.) Indianapolis, Ind., Nov. 26.—The Indiana Retail Merchants Association is taking advantage of the Christmas shopping season to lay stress on the Trade at Home idea.

Copy for window cards, street car cards and package inserts has been sent to every retail merchants association in the state. The cards are to be printed and placed as soon as possible in every available space. The copy reads:

"The people of Indiana spend \$10,000,000 annually for Christmas gifts. Fifty per cent of this sum is spent away from the home community. Where do you spend yours?"

"Shop early—it gives you a wide range of choice.

"Trade at Home"—it increases community prosperity."

The merchants who advertise in newspapers are also being urged to "head-line" the "shop early-trade-at-home" idea in their advertising space.

CITES REASONS FOR GRATITUDE

Continued from Page 1.

nations at war than it ever has before. Out of this conflict God will bring a stronger and purer people.

"It has been said that God gave everything something. He gave strength to the oak, fragrance to the violet and life and salvation to man. But man, in his practical religion, has forgotten to be grateful. God has a right to our thankfulness and gratitude. God has a right to us because he made us and redeemed us. Therefore, we should express our thankfulness and gratitude."

The crowd at the services this morning was larger than the usual Thanksgiving day service audience. B. F. Miller sang an appropriate tenor solo which was the only special music on the program. The collection was given to the local charity organization, which has been the custom here for years.

CASE SENT HERE.

The case of Marguerite Spillman, by her next friend Edgar Spillman, against David Sefton, John W. Sefton, Augustus Sefton, Lou Sefton Richards, Bertha Wilkinson, Hattie Stewart and Charles Sefton, in which an effort is being made to break the will of the late James Spillman, has reached this county on a change of venue from Decatur county.

Ann Rabern, age seventy-five years, living in the west part of the city, was declared insane this morning by an insanity commission composed of Drs. W. C. Smith, D. H. Dean and J. G. Lewis, and Squire James Kratzer.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Local News

Zach Davis is seriously ill at his home in North Morgan street.

Thomas Humes received word this morning of the death of his cousin, Mrs. Eunice Eversull at the home of her son, John Eversull in Cincinnati. The particulars were not given in the message.

The funeral services of Orange Leisure, who died yesterday at the sanatorium here will be conducted Saturday morning at the Church of Christ, near the Leisure home in Ripley township. Burial will take place in the Knightstown cemetery.

The Sampson Poultry company of Arlington has just shipped to the Indianapolis market over a car load of turkeys for the Thanksgiving trade, the largest shipment ever made out of Arlington. They paid farmers fourteen cents a pound for the turkeys.

The case of J. D. Case against Mrs. Lulu Davis, on a contract, was heard yesterday in the Henry circuit court before Judge Gause.

The will of Mrs. Dianna Baldwin has been probated in the Henry circuit court. Mrs. Baldwin leaves her estate to her son Guy N. Huffman, of Spiceland. Her husband, Lewis Baldwin is cut off without a cent, Mrs. Baldwin stating that the property was given her by her first husband.

DIES AT INDIANAPOLIS.

Jerry Laughlin aged about 80, formerly of this county died at Indianapolis this morning. His funeral will take place at St. Mary's Catholic church Saturday morning at nine o'clock.

Constantinople.

Constantinople was known as Lygos until 658 B. C. when it blossomed forth into Byzantium and bore that name for close on 800 years. Byzantium, like Rome, was built on seven hills, and this resemblance led Septimus Severus to rechristen it Nova Roma. On making the city the capital of the Roman empire Constantine the Great bestowed his own name upon it, and ever since it has been known as Constantinople in the western world. This name, however, is ignored by orientals, who have called it Istanbul and Stambul since its capture by the Turks in 1453.

NO RABBIT AND QUAIL ON TABLES

Less Game in Rushville This Fall Than Back as Far as "Oldest Inhabitant" Can Recall

EPIDEMIC IS RESPONSIBLE

Time Was When Rush County Was a Hunter's Paradise—Only Few Licenses Are Sold

Not since the days of the "oldest inhabitant" has game been more scarce than it has been this fall. The foot and mouth disease epidemic among live stock is blamed for the scarcity of wild game. State authorities have requested as little hunting as possible be done and not many farmers will allow hunters on their premises for fear some of the germs may be carried to their stock.

The lack of hunters this fall is best reflected by the records in the office of A. M. Taylor, clerk of the court. There is a great difference between the number issued this fall and last. The day before Thanksgiving last year forty licenses were issued and this year there were only ten hunters who took on licenses on the corresponding day.

Not a feather, not a tail, can be found in the local market. Furthermore they can not be found in the refrigerators of local sportsmen. The foot and mouth disease put the hunter out of business in a hurry. His gun grows rusty in its rack and his dog waxes fat and lazy in the backyard.

Ordinarily, there are a few homes in Rushville that have an occasional mess of quail at this season. They are putting up with pork and beef, the same as the common run of folks this year. They are not even getting to indulge themselves in rabbit. Quail and rabbit are the only game left in Rush county and right now the festive huntsman is forbidden to fare forth in search of them.

There was a time, and not so many years ago, when the approach of Thanksgiving saw the strings of quail hanging in front of every grocery store and every meat market in Rushville. And rabbits—they were so plentiful that one could get all he could carry home at ten cents apiece. But, alas, both Bob White and Bunny have grown scarce. The good old days are gone.

There was a time when Rush county was a hunter's paradise. Deer, wild turkey and numerous kinds of fur-bearing animals were abundant. The early-day sportsman scarcely bothered with such small stuff as quail and rabbit. The forest supplied the meat for every family.

STATE WORKERS ARE THANKFUL

Anti-Tuberculosis Folks, Glad Indiana Citizens Are Coming to Realize Danger of White Plague.

THANKFUL FOR BIG SALES

Red Cross Seals, Purchase of Which Will Help in Fight, Being Purchased in Large Numbers.

(Special to the Daily Republican.) Indianapolis, Nov. 26.—“Anti-tuberculosis workers in Indiana are usually thankful this year,” said Professor Severance Burrage, President of the Indiana Society for the Prevention of Tuberculosis, today. “We are thankful that the number of deaths from tuberculosis in Indiana each year is gradually being reduced. We are thankful that the thinking citizens of Indiana are becoming awake to the danger that confronts them in the form of ‘the white plague.’”

“We thank the All Wise Providence that this state and nation are at peace with the world and that year by year, an increasing proportion of our abundant resources are being used in fighting tuberculosis, a danger which threatens each of us without regard to our station in life. On this day in particular, we are thankful that Red Cross Seals, which are on sale in practically every

Indiana county, are being purchased in greater numbers than ever before.

“And in this connection, the Indiana Society for the Prevention of Tuberculosis, desires to express its sincere appreciation of the helpful service in our campaign, rendered by the citizenship of this prosperous commonwealth. Business men, church workers, club women, school children, all are joining with us in an effort to sell an average of ten Red Cross Seals for every man, woman and child in the state. The result of their efforts undoubtedly will be a still further reduction in the appalling death rate from our common foe—consumption.”

HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post.

Regular sizes for sale at all druggists—fifty-cents and one-dollar.

PROGRAMME IS APPRECIATED

Thanksgiving Event at Graham School Wednesday Afternoon Wins Applause from Audience

THE HOLIDAY IS OBSERVED

Programmes of Unique Design Are Made by Pupils of Art Classes. Miss Scott in Charge of Music

The pupils of the Graham school gave a varied programme yesterday afternoon, in the assembly room of the high school department, in observance of Thanksgiving. Many parents and visitors were present and the programme was immensely appreciated.

The opening number was Rudyard Kipland's “Recessional” sung by a chorus of high school students. Following the chorus, eight little tots of the second grade sang a song entitled, “Turkeyland.” This number won much applause from the audience. Miss Pauline Felts was to have given a reading, but was unable to be present and Miss Norma Smith, who was to appear later on the programme, supplied a reading written by James W. Riley, “Old Man and Jim.”

The same pupils of the second grade gave another number, which was appreciated by the audience

equally as much as the former. In this selection, “I See You,” a little dance was given, which was very cunning. Gladys Titsworth gave a reading entitled “A Thanksgiving Dream,” which related the things that has caused Thanksgiving to be remembered each year.

The next number was given by four girls of the seventh B. grade, representing Pilgrim Maidens. They sang a song which was very appropriate. The girls who took this part were, Jean Sparks, Josephine Scholl, Rheba Beale and Laverne Bishop. Miss Charlotte Norris next favored the audience with a solo entitled, “Little Pink Rose.” Miss Norris's selection was very well given and won the hearty applause of the audience. Merle Maupin accompanied most of the musical numbers.

Miss Smith appeared again and this time answered to two encores. Her first selection was by Paul Bliss, entitled “When We Hadn't Said Our Prayers.” Her next number was “What's the Use of That—Huh.” Her last reading was by Leslie Harris, entitled “O Memory.” As a musical monologist Miss Smith is superb and her numbers were all well received.

Mary Louise Wyatt next gave a violin solo, entitled, “Cavalleria Rusticana” by Macagni, which was followed by the concluding number given by Ruby Sparks, Lois Spurrier, Sylvia Wolter and Mae Taylor, pupils in the eighth grade. This number was a song entitled, “When the Frost is on the Pumpkin.”

The programmes were made by the pupils in the art department, supervised by Miss Henrietta Coleman, and they presented many artistic designs which were in keeping with the season of the year. Miss Helen Scott had charge of the musical numbers.

VILLA SAID TO KEEP PROMISE

Washington Hears Today Zapata, His Agent, is Ruling Mexico City With an Iron Hand.

RIOTS ARE ALL QUELLED?

Villa is in Touch With the Capital and Could Reach it Within a Day's Forced March.

(By United Press.)

Washington, Nov. 26.—Villa's promise to the United States that all of his lieutenants will preserve order in Mexico is being kept. Zapata who has thrown his fortunes with Villa, is ruling Mexico City with an iron hand. His men, former bandits are preserving order. And Villa himself will be in the city not later than Saturday according to messages received by the state department early today.

All of the messages emphasize the fact that Zapata quelled the incipient rioting immediately on entering the city. The looting that followed the departure of Blanco and the taking possession by Zapata was confined to a single section of the city. The state department advices from the Brazilian minister who is looking after the interests of the United States in Mexico City, say that only inconsequential damage resulted from the rioting. A message received from Consul John R.

Silliman today is understood to have revealed the exact whereabouts of Villa and his force. The text is withheld by the department for the present. It is known, however, that Silliman stated Villa is within touch of the capital and could reach it in less than a day by a forced march. In fact, unofficial messages reaching here during last night placed Villa already in the outskirts of the capital. However, the state department insisted early today that no such information was in its possession.

The fact that John R. Silliman has ordered to Vera Cruz to join Carranza is taken here to mean, however, that Villa actually controls in Mexico City as Silliman would not have been withdrawn so long as there was any danger whatever to foreigners.
